

# Nasty Nasty

999

Nasty, nasty walk the streets at night  
Nasty, nasty looking for a fight  
Nasty, nasty you're the reason why  
Nasty, nasty made somebody cry

What the hell is wrong with you  
What the hell you going to do  
You going to do

Nasty, nasty always telling lies  
Nasty, nasty never really tries  
Nasty, nasty want to make them pay  
Nasty, nasty brave to turn away

Nasty, nasty rivals blaming you  
Nasty, nasty all exploitation news  
Nasty, nasty adding up the score  
Nasty, nasty what's it really for

Nasty, nasty shocking head to feet  
Nasty, nasty think you're really neat  
Nasty, nasty into something new  
Nasty, nasty soon that won't be true
