# I'm Your Brave Little Soldier

## Eels

Things were good for a, couple of minutes
But now it's one hard faith
The super marking card makes you home
I push it by myselfI'm your brave little soldier
And everything will be alright
I'm your brave little soldier
Coming home to you tonight
Gonna be alrightStand in line at the playboy rigor
Ski mask yawning at my face
Laying on the floor, thinking how I
Forgot to pray last nightI'm your brave little soldier
And everything will be alright
I'm your brave little soldier
Coming home to you tonight
Gonna be alrightIt's money in the cup, big love's a gift
I won't forget youI'm your brave little soldier
And everything will be alright
I'm your brave little soldier
Coming home to you tonight
Gonna be alright
Gonna be alright, alright.
