Lacey Sturm

Laughter tickles my tongue
A breathless chase has begun
I'm gonna let you in
Catch me I'm falling in love
Oh what have I done?

Love how you gamble your pride
Amazed how strong you are
You risk looking in my eyes
And let me melt your heart

Will you always
Chase me like this?
Will time and space
Leave when we kiss?

Curses burning my tongue
I'm wondering if you're enough
I promised forever
Am I a liar?
Love oh what have I done?

Love how you gamble your pride
Amazed how strong you are
You risk looking in my eyes
And let me break your heart

Will you always
Chase me like this?
Will time and space
Leave when we kiss goodbye?

I was divided
My heart was so confused
My heart's a liar
And I used to know the truth
I have decided
I'm gonna follow through
I'm wanna gamble and fall in love with you

I hear your heartbeat
You're singing to me

Will you always
Chase me like this?
Will time and space
Leave when we kiss?
