Call My Name

Omd

I've seen a new sensation, I heard you call in pain
But running around in circles won't make it right again
The telephone keeps ringing, your head is in the sand
The future is unfolding, but it's not what you had plannedNo matter what you do, there's no escape for you
You say, we go too far, you say, I take my car
So, it always ends the same and there's no one else to blame
But I'd die, if you would call my nameCaught between two evils, you should have stayed at home
To wish upon and walk upon a planet of your ownNo matter what you do, there's no escape for you
You say, we go too far, you say, I take my car
So, it always ends the same, there's no one else to blame
But I'd die, if you would call my name
Oh, yes, I'd die, if you would call my name
