# Classico

## Giant Sand

Can?t you see he?s the man,
Let me hear you applaud,
He is more than a man
He's a shiny golden god.
If you think its time to fucking rock,
And fucking roll, out of control
Well then you know you've got to rock the block,
You fucking suck, My fucking cock

Cause when you rule, you fucking school,
All of the fools, out of there jewels
Cause if you think it?s time to,
If you think it?s time to,
If you think it?s time to fucking roooooock.
He is going to kick your fucking ass,
And you know his name is Kyle Gass
Rocking and fucking rolling,
And fucking rocking, and fucking rolling
And fucking.....(JB SKIT)
