Check this out
It's not my way to talk to strangers
But I feel like I already know you
And if you need somebody
I wanna manage you
I can tell that you been through some changes
In your past relationships
But come on and walk through that door
'Cause I'm what you've been waiting for
Whatevas on your mind, let it out
Girl, we got lots of time, we can talk
Through all the good times and bad times
I wanna be the gots ta be in your life
Gots ta be the one that makes you sad
Gots ta be the one you neva had
Gots ta be the one that you want so damn bad
Gotta be, gotta be, gotta be your everything
Gots ta be the only one you fight
Gots ta be the one that makes it right
Gots ta be the one you don't like half the time
Gotta be, gotta be, gotta be your everything, yeah
Girl, you just can't love anybody
I'll tell you I'm the right one for you
But you gots to believe me
'Cause everything that I tell you is true, yeah
I wanna be your mother
Your father, your brother and your sister too
Be the good, be the bad
Be the gots ta love that you run too, girl
Whatevas on your mind, let it out
Girl, we got lots of time, we can talk
Through all the good times and bad times
I wanna be the gots ta be in your life
Gots ta be the one that hurt your nerves
Gots ta be the one you don't deserve

Gots ta be the only one man you serve
Gotta be, gotta be, gotta be your everything
Gots ta be the one to change your fate
Gots ta be the one you love to hate
Gots ta be the one you let eat off your plate
Gotta be, gotta be, gotta be your everything, yeah
Gotta be your everything, listen
Things ain't always gonna be, be so easy, girl
And I can let you now for sure
That I'm gonna always be right here for the long run
I might make you mad
You cuss me out but you still my girl
And I promise that I will never put my hands on you, girl
I wanna be everything to you, girl
Gots ta be the one that you can't stand
Gots ta be the one you call your man
Gots ta be the one to put a ring on that hand
Gotta be, gotta be, gotta be your everything
Gots ta be the one you can't forget
Gots ta be the one that you regret
Gots ta be the one like you ain't neva met
Gotta be, gotta be, gotta be your everything, yeah
Listen
I don't want you love nobody but me
You and me can do almost anything
Gots ta be the one you want
Gots ta be the one you flaunt
You can't get mad at nobody but me
In fact I'm the only one you can receive
Gots ta be the one you want
Gots ta be the one you flaunt
Gots ta be the one that make you sad
Gots ta be the one you neva had
Gots ta be the one that you want so damn bad
Gotta be, gotta be, gotta be your everything
Gots ta be the only one you fight
Gots ta be the one that makes it right
Gots ta be the one you don't like half the time
Gotta be, gotta be, gotta be your everything, yeah
Gots ta be the one you want
Gots ta be the one
Gots ta be the one you flaunt
Gots ta be the one
Gotta be, gotta be, gotta be your everything
Gots ta be the one you want

Gots ta be the one
Gots ta be the one you flaunt
Gots ta be the one
Gotta be, gotta be, gotta be your everything
