

Bring Me Down

[Crossley Hunter](#)

The storm is perfect
You close your eyes
I know our hearts can't beat much further out of time I know we're worth it
I wish you'd try
I hope we'll raise our debts and hang 'em out to dry Oh yeah, you bring me down
Yeah you bring me down
Love of mine I call the words that I wish you'd say
Tug on my heart strings
You can make me sing
Knock me down till I'm breathless and broken Oh yeah, you bring me down
Yeah you bring me down
Drug of mine Hold onto me
