

# Forgetful Lucy

Adam Sandler

The Hukilau was the place  
Where I first saw your face  
We liked each other right away  
But you didn't remember me the very next day  
Forgetful Lucy has got a nice caboose I used to trick you into pulling your car over so we could chat,  
But my favorite time was when you beat the shit out of Ula with a bat  
Then we drove up to see Dr. Keats  
And found out why Doug always has to change his sheets  
Forgetful Lucy cracked her head like Gary Busey But I still love her so  
And I'll never let her go  
Even if while I'm singing this song  
She's wishing I had Jocko the walrus's shlong  
Forgetful Lucy,  
Her lips are so damn juicy...  
How 'bout another first kiss?
