

Glad You're Gone

Karen Lovely

Glad You're Gone

Had a couple nights of rain
Just a couple cold gray dawns
Had a couple nights of rain
Just a couple cold gray dawns
Then I woke up this morning
Already glad you're gone (sax)

Got more room in my closet
Fewer bills I have to pay
When I wanna drink my gin
I don't have to slip away
I don't have to hear your problems
And pretend that I give a damn
Happy with the silence
Baby you bet I am ~~~ oh

Had a couple nights of rain
Just a couple cold gray dawns
Then I woke up this morning
Already glad you're gone

(sax solo)

Bean curd, rice and salad
Come on give me a break
Now I can cook my own dinner
Gravy, spuds and rib eye steak
Now I can watch my own TV
And the channel that I choose
It didn't take me long baby
Getting over you ~~~ oh

A couple nights of rain
Just a couple cold gray dawns
Oh ~~~ Woke up this morning
Already gone you're gone

Yeah baby I'm already glad ~~~

Youâ€™re gone ~~~
