Don't Go

Yes

Don't be so cruel hurting yourself
Don't be so greedy making it bad
Don't be so dark echoing out
Don't spend the day waiting for me
After all you didn't have to do it
You broke your own heart; it hurt you so bad
Why don't you take your defense down a little
Or you won't understand at all
Don't go, don't go let it
Don't go, don't go let it
Don't take love for granted
We were supposed to be together forever
Don't take love
We were supposed to be together forever, yeah yeah
Don't take love
Don't be so sad scream at the moon
Don't let your words come out too soon
You beat yourself up
So don't spend a day, hey, waiting for me
I can see you had to be your own father
I know he walked out on you
Hey, but that's in the past
You see you don't have a leg to stand on
You're just fooling yourself again
Don't go take it out
Don't go let it
Don't go take it out
Don't go let it
Don't take love
We were supposed to be friends forever, yeah yeah

Don't go take it out
Don't go let it in
We were supposed to be friends forever, yeah yeah
Don't go take it out
We were supposed to be friends forever
