

Fashionista

Advisory - the following lyrics contain explicit language:

Everybody line up
The show is about to start
Places, the show is about to start
You have to show a look
Have a look, or give a look
Faces, beautiful
No one ugly allowed
Are you ready? Here we go
Fashion is the art, designers are the gods
Models play the part of angels in the dark
Which one of you would ever dare to go against
That beauty is a trade and everyone is paid
Fashionista, how do you look?
Fashionista, how do you look?
New York, London, Paris, Milan
Tokyo, I think it's in Japan
Asia, Malaysia, Las Vegas to play
LA, if you pay my way
Fashionista, how do you look?
Fashionista, how do you look?
Fashionista, how do you look?
Who you wearing?
Sean John, Calvin Klein
Donna Karan's fashion line
Valentino, YSL
Ferragamo and Chanel
Holsten, Gucci, Fiorucci
Don't forget my Pucci
Fendi and Armani
God, I miss Gianni
Kenneth Cole, Michael Korrs
Mr. Ford I can't afford
D&G and BCBG
Looking good is never easy
Alexander Perovich
Naomi Campbell such a bitch
I wanna be Delgada
To fit into my Prada
Oscar de la Renta, Louis Vuitton
Imitation of Christ, beauty has a price
Fashionista, how do you look?

Fashionista, how do you look?
Fashionista, how do you look?
Fashionista, how do you look?What are you wearing?
