

# Cant Stop This

## Thousand Foot Krutch

Come get it This is war  
I spotted nine, maybe ten  
Mighta missed one at the door  
Grass is high where we roll  
Sometimes a rebel doesn't make an outlaw I could see 'em in the distance  
Because anything can happen in an instant  
But now we know why we're here  
Nobody's safe, get out the clear Shouldn't have done it, now there's blood in the water  
You can't stop this thing we've started  
Word of mouth there's a snake in the garden  
You can't stop this thing we've started Come get it  
Forget it  
Even if you want it, you can't stop this thing we've started Bring it on  
Like a bomb  
And even if you want it, you can't stop this thing we've started This is war  
and when it rains upon us  
we'll get ready for the encore  
Ditches high and [ ] Cataclysmic, down to business  
there's no fake here, no time for hat tricks  
Cause now we know why we're here  
Nobody's safe, get out the clear You can't knock it, can't rock it  
you can't stop this thing we've started  
You can't stop it, just get off it  
you can't stop this thing we've started
