

The Way You Look At Me (Acoustic)

Christian Bautista

No one ever saw me like you do
All the things that I could add up to
I never knew just what a smile was worth
But your eyes say everything without a single word 'Cause there's somethin' in the way you look at me
It's as if my heart knows you're the missing piece
You made me believe that there's nothing in this world I can't be
I never know what you see
But there's somethin' in the way you look at me If I could freeze some moment in my mind
Be the second that you touch your lips to mine
I'd like to stop the clock, make time stand still
'Cause, baby, this is just the way I always want to feel I don't know how or why I feel different in your eyes
All I know is it happens every time
