Painless

Mead, David

I met you in the kitchen
You said you needed to talk to me
You said you felt like those dirty dishes
And it was high time you came clean
The first few words just seemed to roll on past
Then it felt like you handed me a fist full of broken glass
And said, "Take that"
Painless, like rain rollin' off your shoulders
You made it look so painless
Didn't blink an eye when you ran me over
And maybe you were waitin' to cry
'Cause baby when you said, "Goodbye"
You made it look so painless
Stood out in the driveway
Headlights fadin' down the street
Like you just left for cigarettes
And you were really leavin' me
The cold wind hit me in the chest
The tornadoes gone
And there ain't nothin' left
But this heart-broke mess
Painless, like rain rollin' off your shoulders
You made it look so painless
Didn't blink an eye when you ran me over
And maybe you were waitin' to cry
'Cause baby when you said, "Goodbye"
You made it look so painless
Painless, didn't blink an eye when you ran me over
And maybe you were waitin' to cry
'Cause baby when you said, "Goodbye"
You made it look so painless
You made it look so painless
