Turn Back Time

Freedom Call

A song of sadness, rhymes of pain
The sounds of my tragedy, out in the rain, aha, out in the rain
I made my way and left you alone
I have denied you to be on my own, aha, to be on my ownWhile the years are passing by
The flame still burning inside
I still remember when you and I
Our love, it will never dieIf I could turn back time
Ease my desire
I always remember
The sadness I've seen in your eyesI call for my master, I'm calling his name
Mysterious laughter tortures my brain, aha, it tortures my brain
Stories of sadness, stories of pain
I'm telling my tales to the wind and the rain, aha, to the wind and the rainAll the dreams I had in my mind
Was doing whatever I like
I still remember when you and I
Our love, it will never dieTurn back time, ease my desire
I always remember the sadness I've seen in your eyes
If I could turn back the time, relieve my desire
It hurts me forever that I lost the love of my lifeTurn back time, ease my desire
I always remember the sadness I've seen in your eyes
If I could turn back the time, relieve my desire
It hurts me forever that I lost the love of my lifeIf I could turn back the time, relieve my desire
It hurts me forever that I lost the love of my life
