Yeah, nigga, saw you get sucka punch

Y'all niggas, they ate yo lunch

That what you get for talkin' shit, nigga

All that hatin' brought a bitch, nigga

I heard you trickin' off, I busta on a hoe

I hit her in the car, I hear you took her out

I put her in the glove, you wanna take her out

I let her kiss on me, you kiss her on the mouth

Soon you go to work, that's when I come ova

Off da roof, she go to work, she make me cum ova

Can't lie, I bought the girl a Louie duffle bag

Said bitch don't fill it up with ruffus

Sharing is caring, I stretch her out like rubber

Part me, but can you comfort her? Why you cuff her?

You can't teach an old dog new trick

But you can teach an old chick how to trick a new teach

You a sucka, you a lame x6

You a muthafuckin' lame

You can ask about Too Short anywhere

They'll tell you I'm a pimp and a motherfucking clare, nigga

Just know about you, you a bitch and a square

Sucka ass nigga, get the fuck outta here

I was sent to the world so I can share this game

Got my own damn wall in the hall of fame

I been called a lot of shit, so many different names

But I neva been a sucka muthafucka ass lame

I don't hate, it ain't in my blood

I relate to the gangster, pimps, Crips and Bloods

I show love to the real, I don't fuck with the fake

I could show you how much a real mac could make

A million dollars ain't shit to spend

I get some new hoes, and get it again

And after all these years, I'm still rich

And I don't give a motherfuck how you feel, bitch

You a sucka, you a lame x6
You a muthafuckin' lame
