

# Sex Pest

## Hot Pistol Shrimp

### Verse

How many ants, does it take yeah  
To fake the need, of eating a steak  
Your hops tingle, naughty taste yeah  
Your hips I could shake by the lakeCh.

I feel your desire  
You know i'm a liar  
But you still require  
To play with fire  
And your need to tire  
Invites a new buyer

Hey, I will deliver truly broken moments of my dreams heyVerse 2

Bitter, lonely, and depressed yeah  
Easily you're getting' stressed  
Feeling always, being messed yeah  
By a man u, find a real pest
