Lyrics:

{Hook}
Yeah, everything just looking so right.
Yeah, the way that body move it got me like...
Got me on you, got me wantin you.
Got me one.
You got me wantin you.

{Verse 1}
Girl, you hella bad.
What you drinking?
Me and you alone is what I'm thinking.
Cup is full of dirty sprite, that's what you sippin.
Girl, your body bad.
Got me tripping.
Oh yeah, your body moving up and down.
I just can't get enough of you.
Bartender gave me another round.
Baby, show me what that body do.
I keep on looking at you up and down while I'm sippin 'roc but you don't mind it though.
Now I got my hands all over you as you turn around then you drop it low.
Drop it low just like that, baby.
Like how my hands is all over you.
All this energy got me feeling so wasted.
Girl, I want you so bad that I can taste it,

{Hook}
Yeah, everything just looking so right.
Yeah, the way that body move it got me like...
Got me on you, got me wantin you.
Got me one.
You got me wantin you.
Yeah, everything just looking so right.
Yeah, the way that body move it got me like...
Got me on you, got me wantin you.
Got me one.
You got me wantin you.

{Verse 2}

Pull up to that project X like you stuntin on your ex.
Bottles on the table.
My attention on you like my guest.
I don't wanna know your name 'cause I would have to guess in the morning.
So tell me in the morning getting dressed.
Everybody wasted.
Take a shot don't waste it.
Started drinking asap, it started with a sip.
Mary wanna roll up marijuana.
Face it with us and have more shots.
Bottles popping, face zits.
She prefer me drunk.
When I'm sober, I'm more cynical.
When I'm not, we act like New York sin city.
Sinning, cool, and we lost.
Vegas, I'm so drunk I see the world in two's.
If that's what I get for try'na see what we can get into.

{Hook}
Yeah, everything just looking so right.
Yeah, the way that body move it got me like...
Got me on you, got me wantin you.
Got me one.
You got me wantin you.
Yeah, everything just looking so right.
Yeah, the way that body move it got me like...
Got me on you, got me wantin you.
Got me one.
You got me wantin you.
Got me on you, got me wantin you.
Got me one.
You got me wantin you.
Yeah, the way that body move it got me like...
Got me on you, got me wantin you.
