

Bewitched

Luna

All of a sudden
The girl of my dreams
She never asks
She always screams Do you see her face
In a puddle at my feet?
As I bend down
To kiss the street And I'll come runnin' to her
And I'll come runnin' to her Her sleep is troubled
Her face will twitch
She wakes up angry
And I'm bewitched Her smile is forced
She's always late
But she's not sorry
And I capitulate And I'll come runnin' to her
And I'll come runnin' to her All of a sudden
The girl of my dreams
She never asks
She always screams
