Perfect

Alice Cooper

She's an overnight sensation
In the mirror on her wall
She gets a standing ovation
At every shower curtain callAnd she becomes a pop star
In the safety of her car
And then she falls to pieces
At the karaoke barAnd she's perfect
Until the lights go on
And then it all goes wrong
'Cause now she's not so perfectShe can shake it just like J-Lo
When the bedroom lights go down
But when she hits the dance floor
She's a hip-hop hippo clownShe's perfect
Until the lights go on
And then it all goes wrong
'Cause now she's not so perfectShe's so perfect
She's so fine
She's so wonderful
In the arena of her mindShe's not perfect, she's all mine
She can't sing or dance
She ain't got a chance
But, baby, I don't mindShe's perfect
Oh, she's perfect
Oh, she's so perfect
You know, she's so perfectOh, oh, oh
Sing, baby
Dance, dance, dance
You got it, shake it downOh, that's bad, that's bad
I love you, baby
That's just awful
You got it, you got it
