Heela

Pj Harvey

I was lost in love
I was lost inside
Till he said to me
You've gotta lovely smile
Now I'm saved
Saved
Now I'm saved
Now I'm saved
Heal me with his hands
Heal with his heart
When he said to me
No, no we'd never part
Heal me with his hands
Heal with his heart
When he said to me
No no we'd never part
She, she was a girl, she got her hair done nice
She said, "I've given all I got to my healer man"
He put his hands on me, showed me what I am
Saved
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
When I got my healer by my side
I'm pushing daylight, pushing
