

Dust

Haelos

Still,
The space and the time...
Doesn't it flow like,
Shadows entwined...
Forget about us,
Alone on the mountain...
Lost to the sound.I can't feel enough,
To be the weight of us...
I can't feel enough.
I can't feel enough,
To keep this wasted love....
I can't feel enough.This love ain't mine
This love ain't mine
This love ain't mine
This love ain't mine
This love ain't mine
This love ain't mineCome,
The lepoard and lace...
The faces that tore me,
Keep guarding my way.
What happened to us?
torn from the moment
of weeping in dustI can't feel enough
To be the weight of us
I can't feel enough
I can't feel enough
To keep this wasted love
I can't feel enough
I can't feel enough
To be the weight of us
I can't feel enough
I can't feel enough
To keep this wasted love
I can't feel enoughThis old love, you know now,
(I can't feel enough)
it's not over.....
Just go now
(I can't feel enough)
What goes `round,

comes back around....This love ain't mine

This Love ain't mine

This Love Ain't mine

This Love Ain't Mine

This LOVE Ain't MINE

THIS LOVE AIN'T MINE
