Power To The Meek

Eurythmics

I'm just a girl with my head screwed on
I'm just a girl with a smoking gun
I got my fingers stung, my fingers stung yeah
I'm just a girl with my fingers stung
Bless these bones, bless this skin
All of me and the mess I'm in
Yeah the mess I'm in but I don't care
Don't know where I've been but I'll get me there
I'm alive yeah yeah and it's alright
I'm alive yeah yeah and it's alright
Power to the meek and power to speak
I got the power within me yeah yeah
Power to the shine in my worn out shoes yeah
Power to me, power to you
Bless this head, bless this hair
Bless me to the dirt in my fingernails yeah

Bless this day bless this night
Give me something good make me feel alright
I'm alive yeah yeah and it's alright
I'm alive yeah yeah and it's alright
I'm alive yeah yeah and it's alright
I'm alive yeah yeah and it's alright
Power to the meek and power to speak
I got the power within me
I got my fingers stung, my fingers stung yeah
I'm just a girl with my fingers stung
Bless these bones, bless this skin
All of me and the mess I'm in
Yeah the mess I'm in but I don't care
Don't know where I've been but I'll get me there
