

# Night Of Sin

## Blutengel

Advisory - the following lyrics contain explicit language:

I can feel your skin on mine  
I smell your body I smell your lust  
We play this game of forbidden pleasures  
I feel your warm lips on my mouth[Chorus] 2x  
We're praying for salvation  
But we can't regret our sins  
We're only slaves to our temptation  
And we hurt the ones we loveWe know everything is wrong  
But you can't stop touching me  
We're diving in a sea of lust  
I wish this moment will last forever[chorus] 2x
