

Brainstorm

Wiz Khalifa

Ugh, Im cool with da new me
Some niggas told me they wish Id
Go back to the old me
But dont even know me!
Cuz I be on some rich nigga shit
Yall flow by the OZ
But you knew that and all you niggas knew this jack
And now you muthaf-ckas owe me
Some people ask why I live low-key
Guess Im too real for me to act
Like Im your homie
A lot of niggas try to get involved
When they see you make it on your own
Yeah its on, but they not as real
Cause when you got it all, somethings gotta give
And we aint talking if its not about a dollar bill
[Hook]
I got so many bills running through my mind
Just drink and smoke, wanna flow, unwind
Amazed how I get so much paper?
Im more amazed how you could be such a hater!
Getting my lemonade squeezed fresh
No refrigerator touching my shit
? waiter chef-made
Wanna ride jet skis all day
Come home to bed already made for us
Niggas whos winning like its the kind of name for us
F-cking champions cause we run the game, Forrest
[Hook]
I got so many bills running through my mind
Just drink and smoke, wanna flow, unwind
