# I'm Not in Love

## Kat Edmonson

I'm not in love.
I haven?t got the world on a string
I don?t believe in Paris or spring and I don?t wait for rings
despite my youth I haven?t got a head full of clouds I don?t take cues from horoscope hounds and I don?t look around.
Hey baby u had my heart but yours isn?t mine to have.
Forever will we never be together
and the dreams when ill dream of you
just cut me like a knife
you?ll haunt me
if I can?t be your wife
ill go through life
wearing entirely sensible shoes never to fear slippers or boots
cause I?m not in love
I?ll never be.
instrumental
pretty baby you had my heart but yours isn?t mine to have
forever will we never
be together
and the dreams I now dream of you just cut me like a knife
oh dont haunt me if i cant be your wife
Ill go through life wearing entirely sensible shoes
never to fear glass slippers or boots because im not in love ill never be
