

Back to Zero

Bleeding Hearts Syndicate

He was a good boy
And she was a backseat lady
But lives in a bad-boy territory
She was a great girl
And he couldn't get things done,
He wouldn't bother Take it back to zero, baby
Take it back to zero
Take it back to zero
Maybe I need it back to zero I want it,
I need it,
So won't you Take it back to zero, baby
Take it back to zero
Take it back to zero
Maybe I need it back to zero
