

# Blind at Heart

## Dark Tranquillity

I tell you here  
Of all that crimes and hours broken  
What never came will never be the same  
I tell you this, I tell you what

The mind that has been flooded  
All the exits sealed  
A poison set to enter  
The unforgiving me

Probes and infiltrators  
Infiltrate me

It's in these hours we forget ourselves  
(Ourselves)  
Within a fire that consumes itself  
(Itself)  
Go

No need for your defenses  
My anger wall will hold  
Take your steady pride  
In monotony and beat

Invaders and corruptors  
Invade me

It's in these hours we forget ourselves  
(Ourselves)  
And never again  
Within a fire that consumes itself  
(Itself)

A super nova of flame on fire  
This broken spirit, blind at heart

Bite down hard on frustration  
The siege that can't be broken  
This hollow flame of fear

I tell you this, I tell you what

So close without connection  
Locked inside the sphere  
I take the blame upon me  
And scream at what I see

I'm blind at heart  
So blind at heart

It's in these hour we forget ourselves  
(Ourselves)  
And never again  
Within a fire that consumes itself  
(Itself)
