Usher

This goes out to you
You, my number oneI won't stop until I see you, sugar
You know who you are
This is for my number one, number oneSo many shows, swear wherever I go
I'm gonna keep on lookin', yeahThis goes out to you, baby
Wherever you are
Just know that you're mineAre you there?
I can't hear you
On the road doin' shows
Girl, I can't get you off my mindAll around the world
So many faces
All these places
Girl, I just need one
My number oneThis is for you
You, my number oneUsher!
