

Cry Baby

Melanie Martinez

[Verse 1]

You've seemed to replace your brain with your heart
You take things so hard and then you fall apart
You try to explain but before you can start
Those cry baby tears come out of the dark[Pre-Chorus]

Someone's turning the handle

To that faucet in your eyes

They're pouring out

Where everyone can see them

Your heart's too big for your body

It's where your feelings hide

They're pouring out

Where everyone can see[Chorus]

They call you cry baby, cry baby

But you don't fucking care

Cry baby, cry baby

So you laugh through your tears

Cry baby, cry baby

'Cause you don't fucking care

Tears fall to the ground

You just let them drown[Verse 2]

You're all on your own and you lost all your friends

You told yourself that it's not you, it's them

Your one of a kind and no one understands

But those cry baby tears keep coming back again[Pre-Chorus]

Someone's turning the handle

To that faucet in your eyes

They're pouring out

Where everyone can see them

Your heart's too big for your body

It's where your feelings hide

They're pouring out

Where everyone can see[Chorus]

They call you cry baby, cry baby

But you don't fucking care

Cry baby, cry baby

So you laugh through your tears

Cry baby, cry baby

'Cause you don't fucking care

Tears fall to the ground
You just let them drown[Bridge]
I look at you and I see myself
I know you better than anyone else
I have the same faucet in my eyes
So your tears are mine[Chorus - Variation]
They call me cry baby, cry baby
But I don't fucking care
Cry baby. cry baby
So I laugh through my tears
Cry baby, cry baby
'Cause I don't fucking care
Tears fall to the ground
I just let them drown
