

Ain't Complaining

Status Quo

There's nothin' left, there's nothin' right
There's nothin' left, there's nothin' right
There's nothin' left, right, left, right
Up, down, up, down All right, all right
All right, all right
All right, all right You wind me up, you brin' me down
Your reputation is all over the town
So long as you come home to me
I ain't complaining You fool around, we scream and fight
The way you're treatin' me, you know it ain't right
But when you are makin' out with me
I ain't complaining It ain't no use, you playin' it loose
And thinkin' it don't matter to me
It ain't fair at all, you only have to call my name
And I'll come runnin' to you All right, all right
All right, all right
All right, all right You're out all night, you sleep all day
When I get home you're goin' out to play
Oh, woman give me some time and everythin's fine
I ain't complaining You just don't care, we're in a mess
And the company you keep ain't the best
But when you're lyin' there with me
I ain't complaining It ain't no use, you playin' it loose
And thinkin' it don't matter to me
It ain't fair at all, you only have to call my name
And I'll come runnin' to you But when the chips are down
A man can only take so much foolin' around
And if you don't come home to me
I'll be complaining There's nothin' left, there's nothin' right
Our situation ain't lookin' too bright
'Cause I have taken all I'm gonna take
Without complaining It ain't no use playin' it loose
And thinkin' it don't matter to me
It ain't fair at all, you only have to call my name
And I'll come runnin' to you But when the chips are down
A man can only take so much foolin' around
And if I don't come home to you
You'll be complaining All right, all right
All right, all right

All right, all right
All right, all right
All right, all right
