

Cry Wolf

Doro

We all learn the hard way
Like a ride on the rain
We try to keep the secrets
Tied and chained Out there on the dark side
I can hear you call
It's so hard to believe you
I can't run no more The last time you led'em all astray
But this time you gave yourself away So cry wolf
And tell me it's for real
Cry wolf
Since no one knows the way you feel
Cry wolf
Your tears are never real
And no one comes to hear
When you cry wolf We all feel the fences
Standing wide and tall
Wrapped around our senses
Made to fall Outside in the real world
Deep inside your mind
Lies a lost deceiver
I won't wait in line The last time, you led'em all astray
This time, you gave yourself away Cry wolf
And tell me it's for real
Cry wolf
Till no one knows the way you feel
Cry wolf
Your tears are never real
And no one comes to hear
When you cry wolf So cry wolf
Cry
Cry wolf
Cry
Cry yea !
Cry yea ! So cry
Cry wolf
And tell me it's for real
Cry wolf
And no one knows the way you feel
Cry wolf

Your tears are never real
And no one comes to hear
When you cry wolfCry wolf
Cry wolf
Cry wolfCry
Cry wolf
Cry
Cry wolf
Cry
Cry wolf
