It's the stain on the moon
It's your idiot name
It's the noise in the noise
The gift of the game
It's the fruit that we bear
The peach that I bore
It's you and it's me and it should have been more
It's the choice that I made
And the maid that you chose
It's the slip in the slide
From fingers to toes
It's the song of out there
The pull of the door
It's you and it's me and it should have been more
It's only hours, only days
Sat in Libra's bowl
Where it's all, it's all, it's all
It's all balancing
It's the black in the grate
The smoke in the sink
It's the either that you and I
Opted to drink
It's the tooth that we chipped
On the first ever kiss
It's you and it's me and that's what it is
What if I could say now
What if I could say
Everything I meant now
Everything
It's only hours, only days
Sat in Libra's bowl
Where it's all, it's all, it's all
It's all balancing
