Made up My Mind

Savoy Brown

No more tell you woman
To be so mad with me
I didn't do nothing
For you to treat me evilly'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mineOh listen to my story
Before you send me away
Please don't nail me baby
Until you've heard what I got to say'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mineI just want you baby
To be on my side
Show me your sweet nature
Act a little nice and kind'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mineOh listen to my story
Before you send me away
Please don't nail me baby
Until you've heard what I got to say'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mineI just want you baby
To be on my side
Show me your sweet nature
Act a little nice and kind'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mine
