I Remember It All

Keith Harkin

Love is never perfect
Love is so much more
Sometimes we forget
Even when I get the
the fire's burned down low
And I need you to knowThat I remember your heartbeat
from the first time I laid eyes upon you
And I remember you laughing with your friends
I remember your footsteps
and your sweet voice saying hi, how are you
This is where our story now begins
And everyone they disappear
I laid it on the line
I took the fall
Oh, I remember it all
I remember it all!
They ask me, was it worth it?
Would I do it all again?
I wouldn't change one thing
'Cause you are the same person
from the first time that we met
When you showed me how to liveAnd I remember your heartbeat
from the first time I laid eyes upon you
And I remember you laughing with your friends
I remember your footsteps
and your sweet voice saying hi, how are you
This is where our story now begins
And everyone they disappear
I laid it on the line
I took the fall
Oh, I remember it all
I remember it all!
Even those these times have passed
These memories, they fade so fast
The ones I have with you I won't let go
You and I will see this through
I'm holding onto me and you
Memories we'll make just like before
And I remember them allI remember your heartbeat

from the first time I laid eyes upon you
And I remember you laughing with your friends
I remember your footsteps
and your sweet voice saying hi, how are you
This is where our story now begins
And everyone they disappear
I laid it on the line
I took the fall
Oh, I remember it allJust like it was yesterday
You and me in the rain
Yeah, and that red dress
Oh, umbrella in the air
Curly hair and I don't care
