I Want It All

Bis

Unsure of what is going on
I bite my lip and I cannot seem to stop
My headache has now dissolved
Switch me off, I'm getting real hotSo I'm dehydrating
It's gonna be what we can make it
All those bad words are erased
It's all exploding in so many good waysThere is no time to hesitate
And although I'm feeling scared
I want it allIt's early on and I feel sick
Take me by the wrist and point quick
No distortion at this bit
So don't take too long I think I need my fixSomething is so complete
Obvious that you are the final piece
Want it to happen, it will
Stare so hard the picture is not realThere is no time to hesitate
And although I'm feeling scared
I want it allAfter those good intentions
(My good intentions)
Don't think I need your wise directions
It's there and I'm going to prove it
(I'll prove it to you)But if you listen too close you'll lose it
There's no point in delaying
(No need to delay)Just because of what they might be saying
When you actually realize
(And you'll realize)
Then I think I will start to close my eyesThere is no time to hesitate
And although I'm feeling scared
I want it allThere is no time to hesitate
And although I'm feeling scared
I want it allThere is no time to hesitate
There is no time to hesitate
There is no time to hesitate
I want it allI want it all
I want it all
I want it all
I want it all
