

Strange Things

Tahiti 80

A strange thing happened to me when I was away
Younger than I am today
Isn't it strange to see that things never really go away
I thought it was all under control
But time suddenly took its toll and gave me a role to play
With my face on the floor
I wish I could tell you more
Strange words came out from my mouth
In a way I'd never known
Like talking over the phone
Years later, I'm standing right at the place
I talked about on that most peculiar day
With no change to get away
With my face on the floor
I wish I could tell you more
Things just stick around and they never go away
It keeps coming back
Always follows your tracks
A strange thing happened to me when I was away
Younger than I am today
