

# Pussy Talkin'

Tyga

Aye babe, why you puttin us on display  
Bringin up all shit in front of all our friends  
and tryna start today with arguments  
tryna relax like parliaments, you're doin the opposite  
Textin keshia like man, i think this nigga be cheatin  
i'm late workin, i know i didn't come home that evenin  
call on my phone, attitude, heavy breathin  
i mean whats the reason or is that your menstrual speakin  
i aint gamin, just tired of fakin,  
no patience be a rider like "?"  
time is clay aiken, no gay shit  
ass naked, commando baby  
she got my dick motivated,  
now we wakin up middle of the night  
fuckin make up right after we fight  
pussy talkin like, we-we-well donex2  
man she always wakin up middle of the night  
fuckin make up right after we fight  
pussy talkin like, we-we-well donex2  
lay it down, bend it over like strippers open  
watergundick shoot ya now ya super soakin

comin down ya chimney, call it santa workin  
i brought some gifts for you, mango-flavor lotion  
wet it in the "loafalu?" , be on ur mama sofa  
stretch it out, "rosa acosta?"

I do that shit, how you comin over and over  
again like a maid service, cleaner perfect  
i aint perfect , most of them bitches don't deserve me  
i have my moments , but most them bitches all be thirsty  
dey aint worth it, block 'em all like stage curtains  
knock 'em off like fake purses  
i aint trickin but you got it  
lovin you bein honest  
hard to be honest when most of the time you indesicive  
im tired of fightin  
let it go, close your eyelids  
open the morn fresh and we vibin?  
but you wakin up middle of the night

fuckin make up right after we fight  
pussy talkin like, we-we-well donex2  
man she always wakin up middle of the night  
fuckin make up right after we fight  
pussy talkin like, we-we-well donex2
