

# Whiskey Jack

## Cherry Poppin' Daddies

Whiskey Jack and Vodka Jill  
Well, I made some crack about the hill  
To Whiskey Jack and Vodka Jill See those pictures on the wall?  
Those two people came in fall  
And stayed till New Years Eve  
And they slept there on their sleeves Jack was straight up and tipped us nice  
Drank his whiskey with no ice  
Just a barfly throwin' darts  
With a holocaust in his heart Whiskey Jack and Vodka Jill  
Well, I made some crack about the hill  
To Whiskey Jack and Vodka Jill  
Off the wagon for 20 years  
That day she crash-landed here  
She never got back on  
After she met Jack McDowell They'd move to a corner booth  
And sit there while I would sweep  
And move 'em finally towards the door  
And often as not they'd hit the floor Whiskey Jack and Vodka Jill  
Well, I made some crack about the hill  
To Whiskey Jack and Vodka Jill They never said a word  
But if they did it was too slurred  
When Dick Clark dropped the ball  
We found the empty bottle of Seconal  
And Jack and Vodka Jill  
Arms entwined and very still  
This one's Jack and that one's Jill  
This one's Jack and that one's Jill
