Psychedelic Freak

Argonaut & Wasp

yes i'd like to meet you
you're a psychedelic freak and i need to need you
i can make my body move
you might find
you might find
you might find
what you have to prove

all of this and more
why you running for the back door?
what do you take me for?
i'll be a rock and roll freak show

oooh rock and roll
i wanna be a roller
oooh rock and roll
i wanna be a freak show
(oooh rock and roll
i wanna be a roller
oooh rock and roll
i wanna be a freak show)

true love finds a reason
i've been breaking my back just for the feeling
who are you calling for?
is it me
is it me
is it me
or the inbetween?

what do you take me for?
i'll be a rock and roll freak show

oooh rock and roll
i wanna be a roller
oooh rock and roll
i wanna be a freak show (x2)
(ooh rock and roll)

oooh rock and roll

i wanna be a roller
oooh rock and roll
i wanna be a freak show
