Wild Obsession

L.A. Guns

With your long black hair
Fallin' down your face
Red lips and lethal pout
Send me to heavenSeein' is believin'
Baby, you're so strange
Something about you makes me sweat
Baby, when I call your nameOh, oh, oh, oh
Goin' nowhere
Oh, oh, oh, oh
Gettin' further out of controlWild obsession
The heat of the night
Wild obsession
Baby, you know it ain't rightShe's got the sun and the moon
In a velvet glove
Showers of diamonds
Fall from high aboveShe's a vicious queen
She's a little girl
I know she's a cornerstone
Of the underworldOh, oh, oh, oh
Goin' nowhere
Oh, oh, oh, oh
Baby, I'm out of controlWild obsession
In the heat of the night
Wild obsession
We both know it ain't rightWild obsession
Runnin' underneath the neon stars
Wild obsession
Tearin' my heart apartOh, oh, oh, oh
Goin' nowhere
Oh, oh, oh, oh
Baby, I'm out of controlWild obsession
In the heat of the night
Wild obsession
We both know it ain't rightWild obsession
Underneath the neon stars
Wild obsession
Tearin' my heart apartWild obsession
Wild obsession
Wild obsession

Wild obsession
Wild obsession
