

The Day (That You Gave Me A Son)

Babyface

It was a late December, the news came
And I got so excited, I cried all days, day
And you were such a lovely precious sight
When I saw our baby in your eyes It was like fallin' deep in love
I heard the angels cry above
And I felt blessings straight from God
The day that you gave me a son I called 'bout everyone that I knew
Just think, I'll be a father because of you
Oh! There's no greater love than what she gave
A brand new baby was on the way It was like fallin' deep in love
And I heard the angels, they were cryin'
Up above I felt a blessing, came straight from the God
The day that you gave me a son Oh! Such tears of joy
I've never known, I can't remember
It's like a song, I've never sung
I've never heard, but know the words It was like fallin' deep in love
I heard the angels cryin' up above
And I felt the blessing straight from God
The day that you gave me a son
You
