Don't Call Me Babe

Shampoo

Your little girl
Is not your little girl no more
On your way out
Don't you forget to close the doorI feel a change is coming
I'm getting out, I'm running
This time I've got to win
You can call me anything butDon't call me
Don't call me babe
Don't call me
Don't call me babeI don't know who to trust
Was left for dead before
I don't believe in you
Or anything no moreI feel a change is coming
I'm getting out, I'm running
This time I've got to win
You can call me anything butDon't call me
Don't call me babe
Don't call me
Don't call me babeDon't like your style
You're off the case
Don't like your smile
Don't like you faceDon't call me
Don't call me babeYour little girl
Is not your little girl no more
On your way out
Don't you forget to close the doorI feel a change is coming
I'm getting out, I'm running
This time I've got to win
You can call me anything butDon't call me
Don't call me babe
Don't call me
Don't call me babeDon't call me
Don't call me
Don't call me
Don't call meDon't call me
Don't call me babe
