

# Shining Star

Stryper

Shining star for you to see  
What your life can truly be  
When you wish upon a star  
But dreams will take you very far  
When you wish upon a dream, yeah  
A life ain't always what it seems  
What you see, it looks so near  
In the sky so very clear  
'Cause you're a shining star  
No matter who you are  
You're shining bright to see  
What you can truly be, truly be  
Shining star comes into view, ooh yeah  
To shine it's watchful light on you, ooh yeah  
Give you strength to carry on  
Make your body big and strong  
So if you find yourself in need  
You've got to listen to these words of heed  
Be a giant or grain of sand  
Words of wisdom, yes I can  
'Cause you're a shining star  
No matter who you are  
Shining bright to see  
What you can truly be, truly be  
'Cause you're a shining star  
No matter who you are  
Shining bright to see  
What you can truly be, truly be  
Shining star for you to see  
What your life can truly be  
You're a shining star  
No matter who you are  
Shining bright to see  
What you can truly be, truly be  
You're a shining star  
No matter who you are  
Shining bright to see  
What you can truly be, truly be, hey  
Shining star for you to see

What your life can truly be  
Shining star for you to see  
What your life can truly be  
Shining star for you to see  
What your life can truly be  
Shining star for you to see  
What your life can truly be  
Shining star for you to see  
What your life can truly be
