

Mystery Lover

Teyana Taylor

Verse 1:

Over and over again
I meet different guys who would play a part
but I need a homie, a lover, a friend
somebody that's true and won't break my heart
baby, oh maybe
I'll get a chance to see you, a chance to meet you
oh baby, oh lately
it's been kind of lonely tell me where you are
(chorus)

I gotta know, I wanna know
where you are, baby I won't give up until I'm yours
you need to be, right here with me
I just wanna find my mystery lover
I gotta find you
baby please tell me where you are
I need to see you
I gotta meet you

I need to be right where you are
mystery lover

Verse 2:

Too much time has passed by
still so alone, here on my own
I need your mystery love
I need your heart and I wanna touch ya
baby, oh maybe I'll get a chance to see you
a chance to meet you
oh baby, oh lately
been kinda lonely tell me where you are
(chorus)

Is he a stranger
is he a friend
is he a star
or a regular man
could he be this person, that's been here in front of me this whole time
(chorus)
