Muscovites

Tony Burns

Moscow starts to come down
And the sky's on fire
Ruby red, Kremlin Stars will be shining at night
Days past night as close
You are probably tired
You my precious and dear Muscovites

You can finish this song
Using quite simple phrases
If is what trully come from the dephts of your heart
And I hope we will meet
We will meet when sun raises
You my precious and dear Muscovites

Reff:
What can I say any for anniv' Muscovites?
How can I thank you for your love and kindness?
Farwell Muscovites, have a good night
You have a good night and remember us

After you stopped to live
And you enjoy your homewards
How will I managed to find the keys to your heart?
How will I managed to help you while you out working?
You my precious and dear Muscovites

Now the sunset's close
And the sky's on fire
Ruby Red, Kremlin stars will be shining at night
Days past night as close
You are probably tired
You my precious and dear Muscovites

Reff:
What can I say any for anniv' Muscovites?
How can I thank you for your love and kindness?
Farwell Muscovites, have a good night
You have a good night and remember us
