

The Bird of Paradise

Shocking Blue

One fine day I had a long distance call
I called my guy he's waiting far away
he said hello and I got that feeling
the bird of paradise flew upon my nose
the bird of paradise flew upon my nose His voice was low and I heard him say
come little baby come silly soul
you gotta know I need you so badly
and the bird of paradise flew upon my nose. Lyrics and music: Robbie van Leeuwen
