

Descent

Fear of Men

I fall into nothingness
You pull me back to the light of day
You like it close next to me And I don't know what's gonna change my mind
But I try for me time 'Cause I am you
'Cause I am you What DREAMS may come
Why life is what it is
What DREAMS may come I'm afraid to hurt myself
One more time where I am at
Body and all things are just for pain When at surface you sheltered me
But in time I love it
'Cause I am you
'Cause I am you What DREAMS may come
Why life is what it is
What DREAMS may come There is a sickness in our path
That keeps me from your door
There is a sickness in our path
That keeps me from your door
There is a sickness in our path
That keeps me from your door
There is a sickness in our path
That keeps me from your I don't know what to say
I can't hide what I don't regret
Spending off my ride next to you
And when the days go by
I decide that I know
You're a man of mine 'Cause I am you
'Cause I am you What DREAMS may come
Why life is what it is
What DREAMS may come There is a sickness in our path
That keeps me from your door
There is a sickness in our path
That keeps me from your door
There is a sickness in our path
That keeps me from your door
There is a sickness in our path
I don't want to know
