Rouse Yourself

JC Brooks & The Uptown Sound

Rouse yourself baby
I'm sitting here awake and alone
I just need a cigarette,
I love the way you roll your own,
You're frightened of the danger
Me, I'm like between the blinds,
If everything's a stranger,
We should really stay behind,

If we had forever
I hope we'd just get better, better, better,
That's why it's such a shame, yeah
The ways we stay the same, same, same,

Don't let yourself get crazy,
History is on our tail,
If only I could save me oh,
Then in the end I'm bound to fail
Mhhh...ohhhh,
If we had forever,
I hope we'd just get better, better, better,
That's why its such a shame yeah,
The ways we stay the same, same, same,

Next motel, we'll give a try,
Ring the bell they'll deny, lie
When the black is all you see,
Then it falls on meeeeeeee.....

If we had forever,
I hope we'd just get better, better, better,
That is why its such a shame yeah,
The ways we stay the same, same, same
Well if we had forever,
I hope we'd just get better better better,
That's why its such a shame,
The ways we stay the same same same

Well if we had forever
I'd hope we'd just get better, better, better
