## Motley Crue

Oh, eh, oh

Oh

They say that's

Monsterous

Out with the old and in with the new  
Let the kids stand tall and the critics review  
Don't talk down your nose about old habits  
Ya gotta kick it to understand it

Oh, eh, oh

Oh

They say that's

Monsterous

Oh, eh, oh

Oh

They say that's

Monsterous

People in glass houses shouldn't throw rocks  
People marked stupid, shouldn't talk  
And people in a maze, you're always lost  
I get sick in the state of rock  
Monsterous
